Vision

Nurturing and harnessing the talent and catalytically transforming the lives of the students through excellence in teaching and research.

Mission

To develop Girijabai Sail Institute of Technology, GSIT into a center of excellence in the field of education by,

1. Encouraging students into technical and Management pursuits beyond the curriculum
2. Providing state of the art Institution to impart value based high quality technical and management education.
3. Groom the personality of each student with soft skills to make them ready for professional position.

CORE VALUES

1. Build positive and productive relationships with staff, students and community.
2. Be predictably conscientious in how we go about our business.
3. Be strong in our convictions about how we teach and manage students.
4. Improve student academic and social performance.
